

How to Run GenderMag with the Tool in a Distributed Setting (Join.me)

Everyone (all group members) - will communicate with Join.me audio call

1. Install Join.me
2. Join the session using the Join.me link sent out by recorder + driver

Recorder + Driver:

1. Install GenderMag Recorders Assistant Tool
2. Share Join.me link with other team members
3. Record all comments
4. Drive the prototype

Facilitator:

1. Join the session using the Join.me link sent out by recorder + driver
2. Start the GenderMag session

Notes:

- Facilitator and other group members will have Read access on Recorder + Driver's screen
- Recorder + Driver can grant access to other member as per requirement
